

RESTAURANTS

Did you know that... nightlife in Mont-Tremblant isn't just for the racoons.

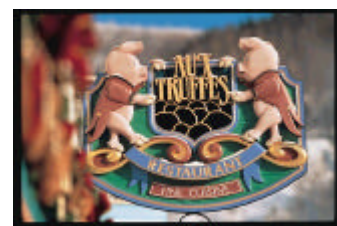

At the end of an intense day of activities, it is time to savour some of our fabulous dishes at one of our many restaurants and bistros. Whether in a casual or elegant ambiance, the quality of our dining establishments and service is indisputable. Evenings, the region of Mont-Tremblant transforms itself into a nocturnal activity zone. Sip a glass of Porto while swaying to the music of a jazz trio. Or still, if you are a rock and roll fan, the nightclubs in the pedestrian village of Tremblant and in the Saint-Jovite sector will keep you dancing until the wee hours of the morning.
